

165 CVX

Polyglass 2-way coaxial kit

- Butyl surround
Resilient material, promoting long life

- Adjustable aluminum inverted dome tweeter
Detailed and non directive

- Polyglass cone
Neutral sound without coloration

- Aluminum protection cover
Protects the crossover from shocks

- 25mm (1") voice coil
on Kapton® former
High power handling

- DIN basket, 20% glass fiber filled ABS material
Easy mounting, strong rigid, non-magnetic and non-resonant chassis

- 12dB/octave audiophile crossover
Time saving during the installation, optimum sound quality

- Polypropylene condenser
Extremely natural sound

- Air core inductor with a low serial resistance
Insensitive to parasite

Technical characteristics :

165mm (6.5") woofer
25mm (1") voice-coil
85mm (3-1/3") magnet
Adjustable tweeter,
aluminum inverted dome
Integrated crossover (12dB/octave)
Max. power: 140W
Nom. power: 70W
Sensitivity(2.8V/1m): 93dB
Frequency response: 60Hz – 20kHz
Accessories: grilles provided

It makes the difference :

- Real integrated audiophile 12dB/octave crossover
- Dynamics and neutrality
- Adjustable height of the sound stage
- Extended bass frequency response
- Installation rapidity
